RUSSIAN DIPLOMATS BUSY.

Engrossed in Negotiations in Regard to Manchuria.

St. Petersburg, Feb. 21.—Chinese relations and the negotiations of Minister Pokotloff with the Peking government are engrossing the attention of Russian diplomacy even to the exclusion of the Algeiras conference, though an unfavorable conclusion of the latter, with all the prejudicial effect on Russia's situation, is now considered here well within the bounds of probability. Foreign office officials make a mystery of the subject of the matter of the negotiations at Peking, but the Associated Press learns that Minister Pokotloff is chiefly interested with Manchuria and the preservation of Russia's special rights there.

Apprehension of an indefinite result are voiced in dispatches from Peking. The negotiations are directed to securing Russia in her favored position in Mongolia. These apprehensions are rather belated in view of the fact, though this is not generally known, that two of the easterly provinces of Mongolia, Tsentschen and Tushentuchan, intervening between Peking and the Trans-Baikalian frontier, generally eastward of a line running from the southern end of Baikal to Peking, were long since given over to Russo-Chinese bank exploitation, and are thus actually part of Russia's sphere of influence under an agreement the existence of which, because it was made by the bank and not by the government, the foreign office even now affects to ignore. Russian troops, consisting of infantry, cavalry and artillery, have been introduced at various important centers "for the protection of Russian consuls." These military "outposts of the empire" have been pushed forward into Chinese territory, the whole Siberian and Central Asian frontier chain extending from Kerulen in Eastern Mongolia, through Urga, Uliassutai, Tarbagatai, Urump-tai, Kuldja, Kashgar and Yarkand to Khotan, on the border of Tibet.

One Killed and Five Hurt.

Morgantown, W. Va., Feb. 21.—Through an accidental explosion of dynamite at the plant of the Deckers' Creek Stone and Sand company at Sturgis, eight miles south of here, one man was killed, another fatally injured and five seriously hurt.

DENIED BY GARFIELD

THE COMMISSIONER OF CORPORATIONS REFUTES EVIDENCE IN BEEF TRUST CASE.

MADE FALSE STATEMENTS

DECLARES SOME WITNESSES FOR THE PACKERS DID NOT ALWAYS TELL THE TRUTH.

Chicago, Feb. 21.—Commissioner of Corporations Garfield took the stand during the day in the packers' case and denied many of the statements made by the witnesses for the packers. Edward Morris, Edward Swift and Arthur Meeker, representatives respectively of the packing firms of Nelson Morris & Co., Swift & Co., and Armour & Co., all testified that Commissioner Garfield had told them that his department had the power to compel information if they refused to give it willingly. Mr. Garfield during the day asserted that he had made no such statement. He also denied that he had promised immunity to the packers, saying that the only protection that had been promised was protection for the individual figures of their confidential accounts. This, he said, had been given them, and although the average of these confidential figures had been given in the report of the commissioner on the beef industry, individuals had been respected, and their names had not been given. He also denied positively that he promised that all information would be regarded as confidential. He also denied that he had at times said anything regarding an oath in connection with the investigation. Mr. Garfield was the first witness for the government, the packers having rested their case shortly before the noon recess of court.

LEGISLATOR DEMANDS PROOF.

Would Have Governor Cummins Substantiate His Charges.

Des Moines, Ia., Feb. 21.—Senator Gilliland of Mills county introduced in the senate during the day a resolution demanding that Governor Cummins be forced to prove the truth of his statement that the railroads of Iowa were using money to defeat the primary bill.

The resolution demands "that the governor communicate in writing to the legislature facts, first as to how money is being used by the railroads to defeat the primary bill; second, what legislators, if any, have been recipients of this money; and, third, who are the masters of the intrigue that is spending the winter in Des Moines and where they are located."

Senator Gilliland demanded of the senators that they vote to pass the bill or else confess that they are among the men who are mentioned as being influenced by the railroads.

LONGWORTHS BOUND FOR CUBA.

Board a Steamer at Tampa for Havana.

Tampa, Fla., Feb. 21.—Representative and Mrs. Longworth arrived here at 10:35 o'clock p. m. on the private car Elysian, and proceeded directly to Port Tampa, there boarding a steamer for Havana. At the city station a large crowd gathered and the Cuban consul, F. F. Mendoza, presented to Mrs. Longworth a floral design emblematic of the friendship of Cubans for herself and her father, President Roosevelt. At Tampa Bay station the hotel orchestra gave the couple a serenade, and the train was boarded by E. W. Morgan, the United States minister to Cuba, who goes to Havana to assume his new post, and by President J. M. Barr and Vice President E. F. Cost of the Seaboard Air Line, who also are en route to Cuba.

THREE PERISH IN MINE.

Stubborn Blaze in An Old Arizona Shaft.

Globe, Ariz., Feb. 21.—Three men and possibly more have lost their lives in a fire that has been raging for five hours in the old shaft of the Old Dominion Copper company. Superintendent Berry and a force of men are now at work in the lower part of the mine endeavoring by bulkheading to prevent the fire from spreading to the new workings.

FIFTEEN WERE KILLED.

Result of Explosion in Maitland Mins at Walsenburg, Colo.

Walsenburg, Colo., Feb. 21.—The official list of dead as a result of the explosion in the Maitland mine of the Victor Fuel company Monday, is given out as fifteen. One body remains in the mine.

VISITS ACCUSED MINERS.

Denver Attorney Calls on Moyer, Haywood and Pettibone.

Boise, Ida., Feb. 21.—Attorney Richardson of Denver arrived here during the day and obtained from Governor Gooding permission to see his clients, Charles H. Moyer, William D. Haywood and G. A. Pettibone, former members of the executive committee of the Western Federation of Miners. He was in consultation with them for several hours. No one else has been permitted to see the prisoners.

The statement which Detective McPartland is reported to have made at Denver, to the effect that so far as he knows the prisoner, Harry Orchard, has made no confession is received with skepticism here. It is stated persistently that Orchard has made statements that will be used against the other prisoners.

Steve Adams, alias Dickson, who was arrested Monday at Haines, Ore., and taken to Baker City, will be brought to Boise as soon as his extradition can be arranged. He is charged with complicity in the assassination of Former Governor Steunenberg. Jack Shipkins, another suspect, who had been in Haines and vicinity for some time, cannot be found. A grand jury will meet on Monday next at Caldwell to investigate the assassination.

IN FAVOR OF FREE TRADE.

British House of Commons Expected to Go on Record.

London, Feb. 21.—The house of commons devoted the entire day and night sessions to a desultory debate on the address in reply to the speech from the throne. Among the motions of which notice was given, the following will be moved from the government benches:

"The house of commons, recognizing the general decision of the people of the United Kingdom in demonstrating unqualified fidelity of the principles of free trade, deems it right to record its determination to resist any proposals whether for the taxation of foreign corn or by the erection of a general tariff on foreign goods, which will create a system of protection."

This resolution will be moved after the adoption of the address. It is understood that the Duke of Devonshire will move a similar resolution in the house of lords.

Irish Unionists will move an amendment to the address condemning the proposed changes in the government of Ireland as tending in the direction of home rule. This is intended to draw from the government a declaration of its policy with regard to Ireland.

WILL NOT HOLD A MEETING.

Hungarian Coalition Party Recognizes Dissolution of Parliament.

Budapest, Hungary, Feb. 21.—After further consideration the members of the coalition have decided not to proceed to the parliament buildings during the day. While not admitting the constitutionality of Monday's dissolution of the parliament, they will recognize the fact that the houses were dissolved, as otherwise the members of the lower house could not take part in the next elections or in meetings which will be held throughout the country beginning at the end of this week, to inform the constituents regarding the events of Monday. The coalition will not invite violence from the government, but will proceed with their individual political activities as circumstances permit quite undeterred by knowledge of what the government purposes to do. Rumors are current to the effect that Hungary may start a boycott movement against Austrian products, relying on the possibility that the country can obtain such articles as cheap elsewhere while Austria will have to pay much higher prices for agricultural products obtained elsewhere than from Hungary.

THROUGH CHAIN OF ISLANDS.

Earthquake Shocks Felt From Grenada to Guadeloupe.

Kingstown, St. Vincent, Feb. 21.—The earthquake experienced Friday, Feb. 16, was followed by slight shocks occurring at intervals until Saturday morning, Feb. 17, almost simultaneously through the chain of islands from Grenada to Guadeloupe. Dispatches from Grenada and St. Lucia state that frequent detonations were heard during the night. Nothing was observed here indicating a seismic disturbance. La Soufriere and Mont Pelee also are reported quiet.

DOUBLE CRIME IS CHARGED.

Minnesota Man Accused of Stabbing His Wife and Mother.

Preston, Minn., Feb. 21.—John Stouedale of Lanesboro was placed in jail here during the day charged with stabbing his wife and mother while he was in a drunken rage. The younger woman was in a delicate condition. She was cut just above the heart and may die. The older woman was slashed in the back of the neck, but was not seriously injured.

H. F. MICHAEL CO'S Daily Store News

The Very Latest

in corsets is the high bust with a severely straight front which produces a very slender effect. This corset is best represented in the W. B. Nuform Corset which embodies every late feature. We show several styles.

There is a good Reason

for the popularity of the W. B. Corsets. Ladies like the satisfaction they give and there wearing qualities are not better in any other make. The style of the \$1.00 garment is as good as the \$5.00 one.

Our White Goods should Interest

Especially should they be interesting these days when you are preparing your summer dresses and waists. If you ever had a desirable lot to select from it is just now for our showing is a very complete one.

Our imported swisses will quickly solve your doubts as what to buy for a fine white dress. Our line of waistings selling from 10c to 50c the yard offers a large variety of patterns to select from and they are the best weaves the markets afford.

IN THE HEPBURN BILL

THE WORD "LAWFULLY" TO BE USED IN ORDER TO PERMIT REVIEW BY COURTS.

LONG FIGHT NEARLY ENDED

BELIEVED THAT STRUGGLE OVER RAILROAD RATE MEASURE IS ABOUT CONCLUDED.

Washington, Feb. 21.—"Lawfully" is to be the word employed in amending the Hepburn bill so as to permit reviews by the courts of rates fixed by the interstate commerce commission. It will be used in preference to "reasonable," "fair" or "just." It is regarded as virtually limiting an appeal to the courts to the one proposition of constitutionality. The amendment in this shape does not suit the Aldrich-Foraker-Elkins faction, which desires that a broader expression and meaning be given. It is said this faction will be outvoted both in committee and in the senate, and must eventually yield to the inevitable.

"We are getting together on a court review amendment," is the news handed out by all parties to the pending controversy. The confident prediction is made that a rate bill will be reported from the interstate commerce commission on Friday. Every one seems convinced that an end of the long struggle is in sight, but nobody appears to be particularly happy. Each senator who discusses the subject has the symptoms of a man who has been taking bitter medicine.

The amendment drawn by Senator Knox still is in the hands of Attorney General Moody, to whom it was given by the president for an opinion. Mr. Moody thinks the Hepburn bill is adequate as it stands and does not want any provision for judicial review.

The Knox amendment permits appeals to the court, but without suspension of the objectionable rate during the litigation. It is designed to avoid the United States supreme court decision in the case of the Minnesota railroad commission, which was delegated absolute authority to fix a minimum rate from which there could be no appeal. The law was pronounced unconstitutional.

DISCUSS PURE FOOD BILL.

Senators Suggest a Number of Minor Amendments to Measure.

Washington, Feb. 21.—The senate listened for three or four hours during the day to a discussion of the details of the pure food bill. A number of minor amendments were suggested but under the agreement to vote on all amendments the following day none of them could be acted on.

Mr. Rayner presented by request a

railway company to the charge of discrimination made against it by the Red Rock Fuel company of West Virginia. The reply was signed by Vice President Bond, who declared there had been no discrimination, that the Red Rock company was treated the same as other companies and that all its requests were impossible because of lack of equipment.

The senate adjourned a few minutes after 4 o'clock out of respect to the memory of the late Representative Castor of Pennsylvania.

EMPEROR OF JAPAN DECORATED.

Invested With the British Order of the Garter.

Tokio, Feb. 21.—The ceremony of the investiture of the emperor of Japan with the British Order of the Garter took place during the morning in the presence of about eighty high personages, including Crown Prince Yoshihito, the Imperial princes, Premier Saionji, Foreign Minister Kato, the household ministers, Field Marshals Yamagata and Oyama, Prince Arthur of Connaught, who brought the order; the British ambassador, Sir Claude M. MacDonald, and the members of the embassy.

After the ceremony of investiture, the emperor visited Prince Arthur and expressed to him his grateful appreciation of Great Britain's friendship. A grand banquet was given at night at the palace at which ancient court dances were the feature.

BATTLE IN PROGRESS.

Rebellious Cossacks Engage Punitive Expedition.

Ekaterrinodar, Russia, Feb. 21.—As this dispatch is filed an engagement is in progress at the village of Geaginskala between 600 mutinous Kuban Cossacks and the punitive expedition, with five machine guns, which left last week to crush the insurgents.

Leather Plant Destroyed.

Prentice, Wis., Feb. 21.—Fire during the day caused a loss to the United States Leather company of \$75,000, the dry house at the local plant being destroyed. For a time the village was threatened with destruction.

ALL EFFORTS AT DELAY FAIL.

Former State Senator Greene of New York on Trial.

Washington, Feb. 21.—After many delays the trial of Former State Senator George E. Greene of Binghamton, N. Y., on indictments charging connection with the furnishing of post-office supplies, was begun here during the day. Efforts were made by the defense to have the case further continued and also to abandon the proceedings because the indictments had been passed on by a federal court in New York and pronounced invalid. The defense alleged that under an agreement with the government George W. Beavers, indicted jointly with Greene and now serving a term at the Moundsville penitentiary, was induced to plead guilty by the hope that all other cases against him would be dismissed or that he would get better treatment than other prisoners. All efforts at delay were unsuccessful and the selection of a jury was begun.

ELECTIONS IN PENNSYLVANIA.

Do Not Result in Marked Victories for Any Party.

Philadelphia, Feb. 21.—The spring municipal elections were held during the day throughout Pennsylvania. Ideal weather prevailed and a heavy vote was cast in many localities.

Philadelphia elected 2 magistrates, 17 select and 14 common councilmen, 12 school directors in each of the 43 wards, constables and division election officers. Outside of several small disturbances in wards where there were close contests there was little disorder. There were, however, a number of arrests made for illegal voting. Little interest was displayed in the contest for magistrates as the majority and minority party were each entitled to one magistrate and each party named only one candidate, Charles P. Rooney being the Republican nominee and Edwin K. Borie that of the Democratic, City and Lincoln parties.

In the election of councilmen party lines were wiped out in many instances. In some wards the City party and Lincoln party organizations, which swept the city last November, were split and were fighting each other with the help of factions from the old Republican organization or the Democrats. In the Second ward Harry C. Ransley, president of the select council and who opposed Mayor Weaver in the gas lease fight, was elected by a small majority. In the Fifteenth ward Alexander C. Crow, Jr., who was one of the mayor's strongest supporters in the recent political war, went down to defeat for re-election before W. S. McInnes.

A feature of the election was the candidacy of fifty women in various wards for the position of district school director. Nearly all the women were on the reform tickets and a large percentage were elected.

BITTER FIGHT AT PITTSBURG.

Fusionist Party Candidate Defeats Republican Nominee.

Pittsburg, Feb. 21.—After a bitterly fought municipal election in which the greatest vote ever cast in this city was recorded, George W. Guthrie, mayorality candidate of the Citizens' party, the Democratic party and the Civic League, defeated his opponent, Alexander M. Jenkinson, by a majority of 6,000. In 1903 Mayor Hays, the present Republican incumbent, received a majority of 7,371. Since that time three new wards have been added to the city.

George B. Logan, the candidate for mayor of the Good Government party in Allegheny, was defeated by Charles F. Kirscher, Rep.

BRITISH TROOPS KILLED.

Five Officers and a Company of Natives Slain in Nigeria.

London, Feb. 21.—An unconfirmed dispatch has reached the government reporting that five British officers and a company of native troops have been killed by fanatics near Sokoto, in Northern Nigeria. A dispatch from Lagos, Africa, reports that a punitive expedition has been sent out.

Postoffice Hours Tomorrow.

The postoffice will observe holiday hours tomorrow, Thursday, Feb. 22nd, Washington's birthday. There will be one delivery by carrier in the residence and business districts in the forenoon, and at the postoffice the general delivery window will be open from 8 until 9 o'clock. Immediately following the arrival and distribution of the noon mails the carrier and general delivery windows will be open for a half hour. There will be no money order business transacted.

N. H. INGERSOLL, P. M.

MINNESOTA people who have previously spent their winters in the sunny south or California are satisfied with home conditions this year.

The new code will hardly be in circulation by March 1st although every effort has been made to get it into the hands of the public by that date. The governor thinks however that it will not be necessary to call a special session of the legislature to extend the date when it shall go into effect.

A FAIRBULT postoffice clerk notifies the public that hereafter he will stand in the postoffice lobby from 3 until 4 p. m. with his tongue out in order that the nice looking ladies may moisten their stamps thereon. The clerk is getting back at a "handsome stranger" who vexed him by requesting that he affix the stamps to her letters as she "just hated to lick those things."

UNDER the new law which goes into effect in Minnesota on March 1st the brilliantly dyed candies that have so long adorned the shop windows and have been such a source of pleasure to children to gaze upon when they did not have the penny to buy will be outlawed. The inspection of candy will come under the duties of the pure food commission and the law provides that in future no per-

son shall manufacture or sell adulterated confectionery, and it shall be deemed so if it contains terra alba, barytes, tale, coal tar dye, or any other poisonous or injurious coloring matter and makes the sale of any such a misdemeanor. The legal candy will not look half so pretty but it will not be injurious to health.

LOCAL NEWS NOTES.

Eugene Smith left for the south this afternoon.

Phil Tardy came down from Pine River this noon.

E. G. Tanzer left for Mankato this afternoon on business.

J. L. Coleman came down from the west this afternoon.

Maurice Mantor returned from St. Paul this afternoon.

W. S. Orne left for the west this afternoon on business.

H. E. Iollman, of St. Cloud, is registered at the The Ransford.

Sheriff Riddle came down from Walker this afternoon on business.

W. C. Andrews, the paper man, came in from the west this afternoon.

Sheriff Erickson left for the south this afternoon on official business.

County Attorney A. D. Polk went to St. Paul this afternoon on business.

Chas. E. Lyon, of N. E. Brainerd, has has leased the Kaatz farm at Long Lake.

Mrs. Sam Weeks left for Anoka this afternoon for a visit with her parents.

G. G. Matmass, of Vining, Minn., arrived in the city this morning on business.

C. D. Grinnols, of St. Cloud, returned from a business trip north this afternoon.

E. G. Hasty came down from the north today and left for his home in Minneapolis.

Franklyn Merritt, of Duluth, is in the city today looking after his mining interests.

Jack Hardy, of the National, who has been sick with the grippe for some time, has recovered.

LONGYEAR HAS DRILLS WORKING

On Section 10, Which is Not a Great Distance From the Big Shaft

THREE OF THEM OUT

W. C. White Interests will Start Drilling in Short Time South Of Here

While nothing much is being said there is still some energetic work being done in explorations on the Cuyuna range, and some new people have been operating for some time. Three new drills have been started by the Longyear interests on Sec. 10, which is only a short distance from the big Pickands-Mather company shaft on Sec. 8. Other drills will be started in a short time by new blood and the work of exploring for ore will be continued throughout the spring and summer.

The W. C. White interests, who have much land south of here, have shipped in a drill and operations will commence in a few days on their properties.

Mr. Louis James as "Virginius" at the Brainerd Opera House Tonight.

Court Of Honor Country Dance

The old fashioned country dance given by the Court of Honor at Walker's hall last night drew a large crowd, many people from the country being present, some of whom traveled 20 miles to attend. A regular country fiddler with four assistants, two men at the piano and four callers made the event a huge success.

There were no wall flowers, for everybody danced, the only possible exception being a man who had to hold the baby while his wife danced. A series of these country dances, originated solely by the Court of Honor of Brainerd, will be given during the season.

DIVORCE LAWS CONGRESS.

Endeavoring to Make the State Statutes Uniform.

Washington, Feb. 21.—Animated discussion was indulged in during the day by the congress on uniform divorce laws on the resolutions proposed by the Pennsylvania delegation outlining important reforms by the various states. The declarations had been endorsed practically in their entirety by the resolutions committee. Arguments were exhausted and parliamentary tactics invoked by the minority of the congress to defeat the adoption of the following portion of the report, relating to migratory divorce:

"When the courts are given cognizance of suits where the plaintiff was domiciled in a foreign jurisdiction at the time the cause of complaint arose, it should be insisted that relief will not be given unless the cause of divorce was included among those recognized in such foreign domicile."

The section was finally adopted by an overwhelming vote.

Bishop Shanley of North Dakota explained his presence in the convention, saying:

"I am thoroughly in sympathy with anything that it to destroy the divorce evil. I do not approve of absolute divorce for any cause whatsoever."

UNDER MUNICIPAL OWNERSHIP

New Electric Unity Installed by Moorhead In its Electric Light Plant Proves a Great Success

The following is a telegraphic dispatch from Moorhead to the Minneapolis Journal:

"The recent installation of an electric unit at the city electric light plant has been the means of reducing the already low rates for light to the consumer. Another reduction in rates is now contemplated, the electric light commission being at work on a plan whereby light can be furnished at cost. The generator unit is registered at 450 horsepower and will furnish lights for a city of 10,000 population. The total receipts of the electric light and water plant last year amounted to \$37,481.95, showing a net profit of \$11,025. With even the great reduction in the past and those contemplated, it is expected that the net profit will be greater this year than before, and the expectation is based on the success of the new electric unit."

ONLY one day more to have your eyes examined free by Prof. Bruns the optometrist. If you intend to have your eyes fitted to glasses, come early as it is impossible to handle very many these short days. Office at National hotel.

The DISPATCH will be delivered at your door for 40 cents per month.

SHERIFF MAKES RAID ON CROSS LAKE BLIND PIGGERS

Four, who Have Been Accused of
Selling Liquor Without a
License, Arrested

EVIDENCE WAS SECURED
By Deputy Sheriff Engman who
Disguised Himself as a Lum-
berjack for the Time

Sheriff O. P. Erickson returned from the Cross Lake country last night with four prisoners, Phil Provo, Roy Kimball, Chas. Berry and Mrs. Louisa Appleby, charged with selling liquor without a license, against the peace and dignity of the state of Minnesota. The raid was made rather suddenly and in most of the cases the men were caught red handed, but there was no difficulty experienced in rounding them up.

There has been considerable complaint on the part of J. A. Long and the Northland Pine company regarding blind pigs that have been flourishing for some time in this locality and it was out a matter of time before those who were unlawfully conducting the business would be rounded up and dealt with according to law. The men working in the camps have been patrons of these places and as a result the employer has suffered great loss. Not only this but it is claimed that frequent disturbances and drunken orgies have resulted much to the discomfort of the law-abiding, peaceful citizens of Cross Lake. Not long ago THE DISPATCH contained an account of several Indians

CREW STARTS IN TEARING DOWN

After Suspension of Work at
Brainerd Lumber Co. Mill
Of about Three Weeks

PASSING OF LUMBER INDUSTRY

Minneapolis Tribune Remarks
That there is an Apparent
Decrease in Mill City

Yesterday a crew of men started in again tearing down the Brainerd Lumber company mill in this city, after a suspension of a week or two, and all that will remain in a short time of what was once one of the most thriving milling industries in the state will be a few old sheds. This is but the natural consequence in the passing away of the great industry in Northern Minnesota. The Brainerd mill has not been running for a year, so that by this time the people of the city have shaped themselves to the circumstances, and the loss will not be so great as some may imagine.

On this question of the passing away of the lumber industry in Northern Minnesota the following is taken from the Minneapolis Tribune which may of interest:

"The passing of the great lumber industry of Minnesota, which has been apparent for years in the decreased cuts of the sawmills of Minneapolis, will be signally marked in the belated sawing season which the lumbermen anticipate this spring. The season usually commences as early as April 15 and continues for about seven months, but the season of 1906 will show no such record. Most of the lumbermen expect the season to open as late as May 15 and a number are confident that it will be June 1 before real sawmill activity can be noted. The trouble is a complete absence of

F. M. COOK FUNERAL

Held Yesterday Afternoon From the
People's Church in East Brainerd
Was Very Largely Attended

One of the largest funerals in point of attendance in East Brainerd in a long time was the one conducted at the People's Congregational church yesterday afternoon over the remains of the late F. M. Cook. Revs. Berry and McLeod had charge of the services at the church. Pleasant Grove Homestead, No. 1059, Brainerd Homestead, No. 62, B. A. Y., and Unity Lodge, No. 194, I. O. O. F., turned out in a body and the latter order conducted the services at the grave.

Frank Morris Cook was born in Kent county, Mich., Oct. 3, 1872.

While an infant his parents moved to Cottonwood county, Minn. From there they moved to Menkato, Minn., where he received his education. After graduating from the normal school at that place he took up school teaching which he followed for years, at one time being principal of the high school at Russell, Minn. While teaching his first school he became acquainted with Miss Cora A. Palmer, she being one of his pupils. They were married in this city March 28, 1900, residing thereafter at the home, 1423 10th street N. E. After this he was with the Brainerd Lumber Co. until October, 1904, when he took up insurance business in which he was successful as in every other undertaking. Since September last he has been teaching the Oak Lawn school in connection with his insurance business. He was taken sick at his school Feb. 1, and although he had constant care and the best of medical attendance, he grew steadily worse. His case was not considered dangerous until Friday morning last when he was hurried to the hospital where he expired at 4:20 Saturday morning. He is survived by a wife and two small children, a boy and a baby girl, also his father, who lives at Grand Rapids, Minn., three brothers, Duain Cook, of Jeffries, Minn.; Nelson T. Cook, of Grand Rapids, Minn.; Emory L. Cook, of Romeby, Minn.; a sister, Mrs. Ida Tolg, of Waukesha, Wis. The two latter were in attendance at the funeral.

Mr. Cook was honored and respected by all who knew him, and his grief stricken wife has the sympathy of the community. She will reside for the present with her parents, Mr. and Mrs. E. J. Palmer, of East Brainerd.

Do you eat wheat bread? Look out for appendicitis. Better get a bottle of Dr. Adler's Treatment, the great appendicitis preventative. Eat all the wheat bread you want then. Be safe. Johnson's Pharmacy.

WANT BRAINERD PASTOR

Rev. P. G. Nelson, of the Swedish Baptist Church, Extended a Call to Go to
Grove City, Minn

Rev. P. G. Nelson, of this city, pastor of the Swedish Baptist church, has received a call to become pastor of the church of the same denomination at Grove City, but he has not decided whether he will accept or not, but in all likelihood he will not, as his relations here are most pleasant and the church is in a progressive condition.

Now is The Time

Chance for Profit Offered Dispatch
Readers, Let No One Fail to Benefit.

Imperfect cooking and hurried eating result in indigestion. At first the stomach and digestive organs are strong enough to accommodate themselves to all manner of ill treatment, but the time soon comes, when the walls of the stomach are inflamed, and the gastric juices are not secreted in sufficient quantity to digest the food, so that it is passed through the system imperfectly digested, giving but little nutrition and strength.

If one can only recognize the symptoms of indigestion in the early stages, he is then in position to protect himself by proper attention. "He is twice armed who is fore warned."

Now is the time to be benefitted. Just as soon as you find that your food can be tasted after eating, when the abdomen swells or bloats, when the tongue is furred, the breath heavy, the appetite poor, the head dull and aching occasionally, then is the time for treatment with Mi-o-na.

This reliable remedy is a perfect restorer and strengthener of the whole digestive system. It restores lost functions to the stomach, strengthens the nervous system, and enables one to eat what he likes without fear of distress or trouble.

So uniformly successful has Mi-o-na been in curing all stomach troubles that H. P. Dunn & Co. give a signed guarantee with every 50 cent box to refund the money if it does not cure. The risk is all their. If you have any stomach weakness, here is the opportunity to be cured without risking any of your own money.

A Big Clean-Up on Stock

Which we bought of E. Clark in Staples. We are putting them on sale for less than manufacturers cost. We bought it at 50c on the dollar; goods consisting as follows:

PRIZES FOR BEST FARMS.

J. J. Hill Sets Aside \$6,825 to Be Awarded to Farmers.

Attractive cash prizes for the best tilled and best managed farms in Minnesota and the Dakotas have been offered by James J. Hill, president of the Great Northern Railroad company, says a special dispatch from Minneapolis to the Chicago Tribune. The only requirement is that the farmers who compete for these prizes must keep two classes of live stock in addition to their crop farming—that is, cattle and sheep or swine. Judges will visit the farms and will base the award of prizes upon a system of rotation of crops, character of cultivation, cleanliness of farming, crop yield and the numbers and quality of live stock kept in proportion to the farm's acres.

The prizes are divided in such manner that every farmer has a chance to compete. Three prizes are offered in each congressional district in Minnesota and for the eastern and western halves of each of the Dakotas. The first prize is \$300 in cash, the second \$150 and the third \$75. This makes a total of \$525 in cash for each district, or an aggregate of \$6,825 for this year for the farmers in the three states named. If the number of entries and the interest taken is sufficient Hill will doubtless duplicate these prizes each year for four additional years, making a total of \$35,000 in cash awards.

The prizes will be awarded by two judges, one of whom is to be Professor Thomas Shaw of the Minnesota School of Agriculture. The other judge will be chosen within the district directly by President Hill or by Shaw, with Hill's approval. The judging is to be done between June 1 and Aug. 1.

There are no fees or dues. Every farmer may compete. Any intelligent farmer on a small scale, who is relatively poor, has as good a chance at the prize as a richer farmer who operates on a larger scale. To win a prize does not necessarily involve unnecessary expense, simply that the farmer shall farm well.

GARAGE IN EACH FLAT.

Chicago Structure With Elevator to Take Autos to the Street.

Plans have been drawn for a seven story apartment building on the North Shore drive, in Chicago, which is to be exclusively the home of automobile owners and devotees, says a Chicago special dispatch to the New York Press. Each of the fourteen flats is to have its own garage and apartments for the driver, with plenty of space for the keeping of the articles which the chauffeurs need to keep their charges in good running order, and, in addition, there will be the novel feature of a large elevator to carry automobiles from the street to any flat in the building. Thus each tenant may enter his automobile at his door, have it run up on the elevator, descend to the street and whisk away without the annoyance of having neighbors witness starting preparations.

The novel apartment building is to be erected by Laverne W. Noyes, an enthusiastic autoist, who will probably fill the building with his friends and members of his own automobile club.

The problem of a private garage has been annoying to the owners of automobiles in Chicago. If machines were sent to a public garage it was suspected that they were rented out for the greater part of the night, so the new building will permit each owner to know that his machine is in of nights. He also will have some sort of idea where his driver is. The elevator scheme also will be extremely convenient when an automobile party returns at a late hour. It is intended that each "auto room" shall be thoroughly detached from the rest of the suit, and all will be fireproof. Altogether there will be accommodations for twenty-eight automobiles.

Clean Sheet Crusade.

Georgia drummers recently began a clean sheet crusade by drafting a bill which one of the members of the Travelers' Protective association who is a member of the legislature will introduce, requiring hotel keepers to change the bed linen before assigning a room to a new guest, says a Columbus (Ga.) special dispatch to the Chicago Record-Herald. It is claimed that in some of the smaller towns the sheets are changed but once a week, no matter how many persons occupy the bed in that time.

SOUTH POLE QUEST BY AUTO

Dr. Cook Thinks Antarctic Circle Can Be Reached That Way.

Dr. Frederick A. Cook, the antarctic explorer, told members of the Arctic club and the Explorers' club at a dinner the other night in New York in honor of Dr. Otto Nordenskjold, the Swedish explorer, that he believed an automobile, properly constructed, would be the most feasible means of reaching the south pole, says the New York World.

"The antarctic circle could be crossed in a comparatively short space of time in a swiftly moving automobile," said he. "I see no reason why a machine with slight modification in the touring cars of today could not be utilized in place of the old time dogs and sleds. I believe a machine could be built large enough to carry provisions for the trip across the few hundred miles of unexplored ice."

FRENCH NOT EXCITED

REMAIN CALM DESPITE THE RE-

NEWED STRAIN IN FRANCO-GERMAN RELATIONS.

THE LIMIT ON CONCESSIONS

FRANCE HAS CONCEDED ALL

SHE IS WILLING TO ON THE

MOROCCAN QUESTION.

Paris, Feb. 21.—Notwithstanding the renewed strain in Franco-German relations growing out of the Moroccan question, public sentiment here remains entirely calm. The journals of this city, including those in the governmental interest, bitterly attack Germany's course in the Algeiras conference. They agree that France has reached the limit of her concessions. However, there is no recurrence of public excitement over possibilities of war. Even the sensational newspapers make no allusion to war. La Liberté, alone, says:

"While France wants peace, she does not want the government to show weakness before the inflexible and almost humiliating pretensions of Germany."

The comparative steadiness of the bourse during the day also indicates a disposition to accept the events at Algeiras philosophically.

CONFERENCE WILL FAIL.

Opinion of Some of the Delegates at Algeiras.

Algeiras, Feb. 21.—The delegates to the Moroccan conference are most pessimistic over the results of the negotiations. Germany's reply rejecting the French proposals for policing Morocco adds that Germany is ready to examine any further propositions France may wish to make, but the French seem not to have any further propositions to present.

The French view is that the German reply leaves little hope for the success of the conference.

Some of the principal delegates believe that the failure of the conference is now inevitable.

France's and Germany's projects for the creation of a state bank in Morocco were submitted to the conference during the day. Germany's proposal created even a worse impression among the French and British delegates than did her rejection of the French police project. Both French and British delegates consider that the German proposition shows an absolute disregard of France's position as the largest and most privileged creditor of Morocco by giving every power equal controlling capacity on the administrative body without reference to preferential claims relative to existing loans.

Other points with regard to control of the finances of Morocco also aroused objections. Count von Tattenbach, the junior German delegate, has repeatedly expressed the view that the settlement of the bank question was merely delayed by the necessity of first dealing with the police and this has led the French and British delegates to the belief that Germany was willing to effect a compromise on the financial controversy in return for French moderation regarding police. They consider that France's consent to entertain Germany's demand for the admittance of a third power as the controlling element in the police amply proves her desire for the success of the conference, and therefore the uncompromising nature of the present German proposal is very disappointing to them.

Many of the delegates of the other powers also take a pessimistic view of the situation; but Henry White, the head of the American delegation, is still inclined to believe that there is a possibility of an eventual agreement.

DEED OF DERANGED MOTHER.

Throws Three Children From Steamer and Suicides in Like Manner.

Fall River, Mass., Feb. 21.—A woman supposed to be Mrs. John W. Waters of New York city, a passenger on the steamer Plymouth of the Fall River line, threw her three children overboard from a stateroom of the vessel somewhere between New York and this city, and then committed suicide in a like manner. A note left in the stateroom occupied by the woman was the first intimation of the officers of the ship had of the tragedy and an investigation showed that a woman and three children who were on the steamer when it left New York were missing on its arrival here. Other letters found apparently were intended for the woman's husband, one asking forgiveness and saying that she had worried so much that she feared insanity and could not leave the children. The other was in the nature of a will, as it disposed of the personal property of the writer.

PAT CROWE OUT ON BAIL.

His Trial at Council Bluffs Put Over Until March.

Council Bluffs, Ia., Feb. 21.—Pat Crowe was released during the day on a bond for \$1,500 by his brother, John Crowe, and the latter's wife, and Joseph Nanson, a wealthy farmer of this county. Crowe's trial on a charge of holding up street cars has been put over until March.

TELEGRAPHIC BREVITIES.

Some Japanese newspapers are advocating the purchase of the Philippine lines from the United States.

H. Clay Evans has announced his willingness to accept the Republican nomination for governor of Tennessee.

General Nelson A. Miles will be the orator at the annual commencement of the Nebraska state university at Lincoln, June 14 next.

More than 500 delegates attended the opening day of the thirteenth annual meeting of the Minnesota grand lodge, A. O. U. W., in St. Paul Tuesday.

Hon. Samuel D. Weakley of Birmingham has been appointed chief justice of the supreme court of Alabama to fill the vacancy caused by the death of Chief Justice Thomas N. McClellan.

Ole Ferdon, a young farmer from Peterson, Minn., was taken to the city hospital from the Edwards hotel at St. Paul, unconscious from gas poisoning. His chances for recovery are uncertain.

SOME REASONS

Why Brainerd People Should Follow This Valuable Advice

Because the proof is in Brainerd. You can easily investigate it. Not necessary to experiment. With some untiring remedy. Profit by the experience of a citizen.

Mrs. Mary Ross, employed and residing at the Palace Hotel, Sixth Street, Brainerd, Minn., says: "When I began using Doan's Kidney Pills there was a constant dull dragging and bearing down pain in the small of my back and side. My back was very weak and almost gave out at times when attending my work. I heard what Dr. Doan's Kidney Pills had done in similar cases, and went to H. P. Dunn & Co's drug store and got a box. After using them a short time the pain and lameness left me and a continuation of the treatment regulated the action of the kidneys and imparted strength and tone to my system. I no longer need any other remedy so effective as Doan's Kidney Pills, and it is the only preparation which I confidently recommend to sufferers from backache and kidney trouble."

For sale by all druggists. Price 50 cents. Foster-McBarn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name—Doan's—and take no other.

Get your masks at King's for the firemen's masquerade on the 22nd. 2104
